

# Questor Insurance Services Limited

## Car Hire Insurance Optional Extras - Additional Information

Please refer to Policy Version 5 for full details of the policy.

### 1) Near Home Rentals

Questor Insurance is the only broker to cover this cover. The standard policy excludes rentals that start within 150 KMS (Approx 93 miles) of the Policyholder's home address. If you select this optional extra, this exclusion is deleted. An endorsement appears on the certificate of insurance.

This optional extra is available on both daily and annual policies. This optional extra can be added after the start of an annual policy or before the start date of a daily policy.

This optional extra is available to residents of the UK and Ireland only.

### 2) Dual Lead Driver

Currently only the Policyholder can be noted as a Lead Driver on a car rental agreement. This means that other family Members living permanently at the Policyholder's address need to buy their own insurance if they want to rent a vehicle as lead driver.

With the Dual Lead Driver Optional Extra included in the policy, the Policyholder and one other person can be noted as Lead Drivers. This optional extra is available on annual policies only and can be added after the start of a policy.

This optional extra is available to all Policyholders.

August 2008.
